"Juniper Mountain House is amazing! The owners Ashley and Alea are super welcoming and accommodating. Originally we were going to stay at their place as a hotel, when COVID hit, our wedding plans - like many others -- had to pivot. They helped us plan a small-scale outdoor event for 29 guests. The spot was beautiful, quaint but also a comfortable place for our wedding party to stay, get ready and host our guests. Now, I couldn't imagine our wedding weekend any where else. JMH will always hold a special place in our heart!"
