“There is no other place on earth that even comes close to Juniper Mountain House. I could write a book on how amazing the venue and the host, Alea, is. We eloped here in August and it was the most magical day of our lives....The Meadow Ceremony area was straight out of a magazine. The rooms were modern rustic, extremely clean and cozy. I woke up the morning after our wedding to have a coffee by the fireplace in the common area and watched the hummingbirds through the window.he made a charcuterie board and set up our picnic outside. She helped me getting ready when I was by myself, along with my amazing photographer. Her sister, Alexa, is a very talented guitar player and singer who played while I was walking down the aisle. In summary, Alea has such a warm, loving heart and she truly cares about her guests and brides. You can feel the love in this place. We will forever be grateful for Juniper and it’s wonderful owners!” ~Anne

“My wife and I chose Juniper as the venue for our wedding and could not have made a better decision! From start to finish, Alea and Ashley worked with us to answer questions and helped us plan the perfect day. Their professionalism and attention to detail were flawless and made the entire day possible. The space is perfect for weddings and has all of the features that we were looking for in a modern mountain wedding. From the back deck to the ceremony space, Juniper is thoughtfully designed and allowed us to have the dream wedding that we imagined. We can't wait to return in the near future for a weekend getaway.”

“We chose Juniper Mountain House as the venue for our intimate wedding, and can I just say... WOW! Ashley and Alea sure do know how to run a beautiful boutique hotel and throw an amazing party. The setting is stunning, the hotel is impeccable, and the hosts are so fun and warm. You should absolutely consider a stay (or a wedding!) at JMH!”

“Juniper Mountain House was the most beautiful and perfect mountainy venue for my intimate wedding. The outdoors and indoors are so naturally beautiful that they require minimal decor. Alea and Ashley go above and beyond to make it the most perfect day and everyone at my wedding loved them! They provided our bar service as well and helped with setup/takedown and they provide wedding coordinators with the package. With booking this venue, you also get all 5 rooms in this adorable boutique hotel for the night of. We stayed in a room along with our closest friends and it was a perfect way to spend some quality time with them once the wedding party was over. I can't stop replaying the most perfect day ever and I am excited to come back in the future and stay as a guest to celebrate my future anniversaries." ~ Lauren

“We had our small wedding here and it was absolutely wonderful. The venue is in the midst of Evergreen trees and the interior decor is mountain chic and very curated. We were also able to bring our dog which we so appreciated. It's the perfect place for a small wedding or just a weekend getaway and the owners are SO friendly and helpful to boot!”
